## Mrs. R. W. Garrett Sinks to Rest.

Mrs. R. W. Garrett passed peacefully over the river Thursday morning at the hospital at Lexington following an operation the first of the week for abscess on the liver. The remains were brought home Thursday evening. Burial in the local cemetery Friday after funeral services at the Christian church by the Rev. J. C. Everman.

Mrs. Garrett before her marriage was Miss Sallie Faulkner. She was sixty-five years old and had been a member of the Christian church for forty-seven years, and was a lady beloved by all who knew her.

Besides her husband she is survived by three children: Mrs. Millard Carr; Mrs. Geo. W. Conlee, and Carl Garrett. Seven grand children also survive.

She was in her usual health up to Tuesday before her death, when she was seized with pains in her side which gradually grew worse until it was found necessary to take her to the hospital for operation. She was taken there Sunday morning and the operation performed.

The many friends of the bereaved family greatly sympathize with them in their sad loss.

## F. G. Powell for Sheriff

Mr. F. G. Powell announces for the Democratic nomination for Sheriff of Powell county in this issue of the Times. Mr. Powell is one of the best known men in the county. He was the choice of the Democrats of the county four years ago for this office. He possesses every quality that goes to make a good official as well as the good citizen he has been making for the county all of his life. Many think Mr. Powell should have the nomination this time as a matter of right because of his unjustified defeat in the final race four years ago. Due consideration of his candidacy should be given by every Democrat in the county.

## Rev. R. T. Crowe Makes Change

The Rev. R. T. Crowe, who left this county about one year ago to take charge of the Minneola, Kansas, Christian church, has resigned the care of the church there and moved to Hobart, Oklahoma to accept the care of the First Christian church. The departure of Rev. and Mrs. Crowe from Minneola was fittingly observed by the people of the town. The church presented them a silver chest in token of the esteem in which they were held.

Hobart, the city to where Bro. Crowe goes, is a beautiful little city of 5,000. It has 11 churches, including one Indian church. Among the eleven churches First Christian ranks second strongest.

## Will Move to Illinois

Beattie Barnett, of Kimbrell, was here Monday and had sale bills printed advertising his personal property for sale Tuesday, Feb. 8. Mr. Barnett will move to Gibson City, Ill. to reside.

## Lookout When Buying Autos

A new automobile law went into effect December 2nd which makes it unlawful for anyone to cut off, erase or mutilate any serial motor number and provides one to five years in the penitentiary for such offenses.

Ownership, possession or having control of an automobile with its serial numbers thus erased or mutilated, according to the law, shall be considered prima facie evidence that the person having possession himself did it.

Many autos that have been stolen for the purpose of sale have had their numbers thus mutilated. If purchasers fail to see the motor and serial number on machines offered for sale they had better let them alone if they wish to keep out of the pen. Better buy from some reliable person you know. Buying second-hand machines from strangers is now a very risky proposition.

## For Jailor

Squire Chas. B. Hatton, of Bowen, announces in this issue his candidacy for the Democratic nomination for Jailor. Squire Hatton is the present Justice of the Peace in his precinct, having been elected to this office four years ago. He has made a splendid member of the Fiscal Court and in this capacity has proved himself to be a man of value to his county. Another very important trait of Squire Hatton is the fact that he is no dram drinker, being a strictly sober man. This should appeal to the women voters. At least the Squire is entitled to due consideration at the hands of every Democratic voter in the county.

## Were You "A. W. O. L.?"

Are you a slacker? All members of American Legion Post No. 127, Stanton, Ky., are urged to be present at regular meeting Saturday, February 5th, one o'clock p. m. If you were a service man, come whether you already belong or not. Why not have a banner just here in Powell? Your buddy wants to meet you, and you want to meet and swap yarns with him. He'll be waiting for you at the Masonic Hall immediately after chow. Don't disappoint us.

Karl Welsh, Post Commander.

## The Redpath Entertainers

The Zandorff entertainers will be here Feb. 5th for the third installment of a series of entertainments on a contract between citizens of the town and the Redpath Company. These entertainments are always instructive and enjoyable. They will appear at the school building, where a full house should greet them.

## To Avoid the Spring Rush

To many prospective buyers of Ford cars who contemplate buying in the spring should have their orders booked at a specified time so that I may be able to have the car on hand at a set time. Write me so I may call on you and demonstrate to you so you may be ahead of the spring rush and enjoy a summer use of car.

Joe Mountz.

## H. T. Derickson for Judge

Mr. H. T. Derickson, of Stanton, announces for County Judge in this issue of the Times. Mr. Derickson served a term as Sheriff four years ago and he made a good one. He would likewise make a good County Judge, being well qualified in every particular for the office. He is well informed as to the needs of all parts of the county and is broad minded enough to give just dues to all sections impartially. Mr. Derickson has been a faithful worker in his party for always. He was campaign manager in the county last fall. Every Democrat in the county owes it to himself to give Mr. Derickson's candidacy the consideration it deserves.

## Attends Superintendents' Meeting

The annual mid winter meeting of County Superintendents of the state was held in Frankfort January 24th. Through the courtesy of our Powell County Superintendent, Miss Maude S. Bowen, the Times has been supplied with a full report of the meeting. Miss Bowen attended. There were 115 of 120 Superintendents present.

## Card of Thanks

We take this method of extending our thanks to each and every one who so kindly rendered their assistance in the sickness and death of our dear wife and mother.

We also wish to thank Bro. Everman for his consoling words, the choir and Mrs. Eaton as organist.

R. W. Garrett and family.

In memory of our dear wife and mother, Sallie Garrett:

A precious one from us has gone,  
A voice we loved is stilled,  
A place is vacant in our home  
Which never can be filled.

The Family

## For County Clerk

Mr. L. S. Boone comes out this week for the Democratic nomination for County Clerk. In seeking re-election to this office, Mr. Boone can point to his record with pride. The county has never had a better clerk than he. The records are kept up to date, always properly indexed so you can find and read for yourself the records of all the courts in his care. The County Clerk's office is a very important position, and no one but a thoroughly competent man should be entrusted with its care.

## Reduced Prices

Hardwick & Co., Stanton merchants, are advertising reduced prices in farm implements and machinery in this issue of the Times. These reduced prices on implements following in the wake of such a slump in the prices of farm products, are indeed very satisfactory to the burdened and oppressed farmer.

## Preaching Next Sunday

The Times was incorrectly informed last week when it stated Bro. C. A. VanWinkle would preach last Sunday at the Christian church in this city. Next Sunday is the day he was to be there and a full house is invited to be present and hear him.

## New Light Plant Starts Up

The Clay City light plant started up the first day of the month, giving complete satisfaction to both the operators and consumers of current. The machinery and all equipment is new and the best to be had. The wiring is being done under the latest insurance regulations which is quite different to what it was twenty years ago. It will be two weeks yet before all those wanting lights in the central portion of town can be supplied, and the street lights turned on. With electric lights burning again in the old town, Clay City will look natural as of yore.

We regret that lack of space prevents the Times inserting all the advertising we had orders for this week. This was caused by the tax sale advertising which is completed in this week's issue.
